

FIFTY-SEVENTH
ANNUAL REPORT

OF THE

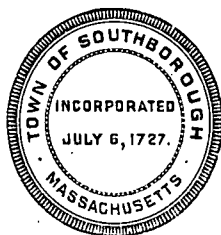

Town Officers

OF

Southborough, Massachusetts

For the Year Ending December 31

1930

SOUTHBOROUGH PRINT SHOP
SOUTHBOROUGH, MASS.

REPORT OF THE TOWN ACCOUNTANT FOR 1930

To the Honorable Board of Selectmen;
Southborough, Mass.

Gentlemen:

I respectfully submit the report of financial transactions of the town from the year ending December 31, 1930.

A certificate of audit of various financial departments for the year is submitted herewith.

Respectfully submitted,

CHARLES E. BAGLEY,
Town Accountant

CERTIFICATE OF AUDIT

This is to certify that I have examined the accounts of officers and committees of this municipality, intrusted with the receipt, custody or expenditure of money, have inspected securities of Trust Funds, and checked and verified cash balances.

The reports of the Tax Collectors, as published, include credits for receipts in some cases, for periods later than the regular town financial year; but have been verified to the dates of the reports and subject to minor differences as compared with my records are correct.

Some departments have failed to provide certain information in regard to the charges assessed during the past year in time to place same in the record and show uncollected accounts due the town at the end of the year.

With the exceptions above noted, I have found all accounts and records in good order.

CHARLES E. BAGLEY,
TOWN ACCOUNTANT.

February 3, 1931.

Then personally appeared Charles E. Bagley and made oath that the above statement, signed by him, is true.

CHARLES L. FAIRBANKS,
Notary Public

REVENUE RECEIPTS, 1930

WATER LOAN

Circulars were distributed to the leading financial and brokerage houses and banks, explaining the Water Loan and inviting bids. At the time and place advertised, the Treasurer, in the presence of the Water Commissioners and the Town Accountant, opened the 11 sealed bids and he awarded the loan to Harris, Forbes & Co., the lowest bidders, at their bid of 101.95, which is equivalent to 3.92% interest. On receipt of the money, the Treasurer decided to re-invest the money until such time as it was needed. On making several inquiries he found that an agreement existed between the Boston banks not to pay more than 2½% on certificates of deposits. Locally the rates varied, but he did find four banks that would pay 4%, so he deposited the money in all four, so that all of the "eggs would not be in one basket." On January 1st this money had earned or accrued in interest as follows:

Peoples National Bank of Marlboro	\$1,077.72
First National Bank of Marlboro	701.24
First National Bank of Westboro	460.30
Northboro National Bank	356.16
	<hr/>
	\$2,595.42

There is also another saving in interest money, which does not show in the report, due to the fact that I received this money at a time which obviated the necessity of borrowing for temporary revenue loans.

CHARLES H. LANE,
Town Treasurer

1930 PAYMENTS

46. Playgrounds	400.00
47. Cemetery—Special	2,000.00

\$112,757.85

Appropriated from surplus:

1929 unpaid highway bills \$180.00

From Cemetery Reserve Fund:

For cemeteries \$300.00

The dog money to be appropriated one-half to the Schools and one-half to the Library.

Article 4. Voted that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1st, 1930, and to issue a note or notes therefor, payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said financial year. (160 voted in favor and none against.)

Article 5. Voted that the dog money be appropriated one-half to the Schools and one-half to the Library.

Article 6. Voted to raise and appropriate the sum of one hundred and twenty-five dollars to be expended by Post 161, Leo L. Bagley Post of the American Legion, for Memorial Day exercises and decorating soldiers' graves.

Article 7. Voted to discontinue that portion of Deerfoot Road, extending southwesterly from the southerly line of land belonging to Elgen J. Rowe to its present southerly terminus.

Article 8. Voted to appropriate the sum of fifty dollars to be expended by Post 44, Grand Army of the Republic, in accordance with the provisions of Chapter 40, Section 5, of the General Laws.

Article 9. Voted to raise and appropriate the sum of four hundred and five dollars and forty-three cents for the Worcester County Hospital District for tuberculosis.

Article 10. Voted that the Town Treasurer be authorized to accept for the Town contributions from the St. Mark's School and Fay School, and that such contributions be placed in the town treasury and used for general purposes.

Article 11. Voted to pass the Article.

Article 12. Voted to authorize the Cemetery Commissioners to expend the sum of three hundred dollars from the Cemetery Reserve Fund, for permanent improvements.

Article 13. Voted to lay the Article on the table.

Article 14. Voted to pass the Article.

Article 15. Voted to pass the Article.

Article 16. Voted to pass the Article.

Article 17. Voted to pass the Article.

Article 18. Voted to authorize the Selectmen to sell town machinery or other equipment if in their opinion such sale seems expedient.

Article 19. Voted to raise and appropriate the sum of five hundred dollars for special work to be done by the Highway Department.

Article 20. Voted to pass the Article.

Article 21. Voted to raise and appropriate the sum of eight hundred and twenty-two dollars for the purchase of a new truck for the Highway Department.

Article 22. Voted to pass the Article.

Article 23. Voted to raise and appropriate the sum of two hundred dollars for the purpose of establishing a skating field on the property owned by the New York, New Haven & Hartford Railroad Company, directly opposite the Southboro Station, if the Town should be permitted to use the same for that purpose.

Article 24. Voted to raise and appropriate the sum of four hundred dollars for playgrounds.

Voted that one hundred dollars of this amount be expended by the Selectmen, and the balance (\$300) be divided equally between the three schools.

Article 25. Voted to pass the Article.

Article 26. Voted that the Assessors be paid five dollars per day for their work.

Voted to raise and appropriate the sum of three hundred dollars to cover this increase in Assessors' salaries.

Article 27. Voted to raise and appropriate the sum of one hundred dollars for the purchase of an adding machine for the use of the several departments of the town.

Article 28. Voted that the Selectmen be authorized and instructed to lay out or re-locate and establish the bounds on that section of town way, from a point on Boston Road, running in a northerly direction past the properties of Susan Stone and Charles E. Bagley, to the Framingham Road, (recently reconstructed), under authority granted by Sections 21, 22 and 23 of Chapter 82 of the General Laws. Any expenditure incurred under this vote to be taken from the regular appropriation for General Highways.

Article 29. Voted to raise and appropriate the sum of two thousand dollars to be expended by the Cemetery Commissioners for improvements to the land recently purchased as an addition to the cemetery.

Voted that the meeting be dissolved.

SPECIAL TOWN MEETING, APRIL 28, 1930

Article 1. Elected Albert S. Woodward as Moderator.

Article 2. Voted to accepted the report of the Special Water Committee.

Article 3. Voted that the polls be opened at once and remain open until ten o'clock, or such further time as may be voted.

Voted that the regular Election Officers be authorized to conduct the balloting in the lower hall.

At ten o'clock it was voted that the polls remain open until quarter past ten o'clock.

At 10.15 the polls were declared closed and the result of the count showed that 567 ballots were cast: 392 votes in favor of the Article and 175 against.

Voted that the Water Committee be a committee to act with the Selectmen in preparing a warrant for the following town meetings, which will be necessary to appropriate money for water supply and for electing Water Commissioners.

Article 4. Voted to appropriate from money in the hands of the Town Treasurer the sum of \$1.084.31; to defray expenses incurred by the Water Committee and to pay the attorney employed by them as counsel.

Voted that the meeting be dissolved.

SPECIAL TOWN MEETING, MAY 20, 1930

Carrying out previous arrangements made by the Selectmen to keep non-voters from entering the hall, election officers were stationed at the outside door and by the use of the check-list every person's name was checked as they entered.

The meeting was called to order by the Town Clerk, at half past seven o'clock and by him the Warrant was read after which under

Article 1. Raymond H. Oveson was elected as Moderator.

The question of the legality of any action which might be taken in connection with the raising and appropriating money having arisen, a motion was made and duly seconded and it was VOTED that the meeting be adjourned for one week, in order that the Advisory Committee may consider and make their report and recommendation on the appropriation referred to in the Article.

ADJOURNED TOWN MEETING, MAY 27, 1930

In accordance with previous arrangements, made by the Selectmen, the check-list was used at the outside door, in order that only registered voters be allowed in the voting place. The check-list was in charge of the regular election officers.

At half past seven o'clock the meeting was called to order by the Moderator, Raymond H. Oveson.

The Counsel for the Water Committee and their engineer having both been excluded from the hall, on account of their not being voters in Southborough, a motion was made by Harrison H. Schaff that both of these parties be allowed to be present on the floor. The motion was duly seconded and it was Voted that they be admitted.

Article 2 was taken up for action, and the report of the Advisory Committee, covering this Article, was read by their Chairman, George H. Burnett, and the report recommended the appropriation asked for. After considerable discussion the question came up for definite action and on the motion of Charles E. Bagley, duly made and seconded, it was

VOTED that there be raised and appropriated the sum of three hundred and twenty thousand dollars (\$320,000.) for the purpose of supplying the inhabitants of the Town of Southborough with water and acquiring the property, rights and privileges of the Fayville Fire and Water District, as authorized by Chapter 133 of the Acts of 1930; and that, to meet said appropriation, the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of three hundred and twenty thousand dollars (\$320,000.) and to issue bonds or notes therefor, said bonds or notes to be payable in accordance with the provisions of Section 6, of Part 1, of said Chapter 133, and of Chapter 44, of the General Laws, so that the whole loan shall be paid in not more than thirty years from its date.

This vote was taken by a standing vote; a careful count showing that three hundred and forty-nine (349) in favor and eighty-three (83) against. This result was announced by the Moderator.

Under Article 3, on motion duly made and seconded, it was

VOTED that in accordance with the provisions of Section 2 of part 1 of Chapter 133 of the Acts of 1930, the Town Purchase and take over the property, rights, powers and privileges of the Fayville Fire and Water District, established by Chapter 474 of the Acts of 1923, for a sum not exceeding the amount actually expended by said District for the purpose for which it was established, and assume all the duties and obligations of said District; and that the Commissioners elected be and are hereby authorized and empowered to act for and in behalf of the Town to carry out the purposes of this vote, and to negotiate with the Fayville Fire and Water District therefor.

This vote was passed with only one dissenting vote.

Under Article 4, it was

VOTED that in electing three Water Commissioners,—one for the three-year term, one for the two-year term and one for the one-year term, they all be voted for on one ballot. In taking this vote the check-list was used and the election officers checked the names as they voted. After all had voted who wished the polls were declared closed and the election officers counted the ballots cast. After the canvas was completed the result was handed to the Moderator, who announced the result as follows:

Patrick J. Brock was elected for the three-year term,

Elwood W. Ward was elected for the two-year term.

George A. Mooney was elected for the one-year term.

After the announcement of this result it was voted that the meeting be dissolved.

SPECIAL TOWN MEETING, JULY 29, 1930

Article 1. Elected Raymond H. Oveson as Moderator.

Article 2. Voted to pass the Article.

Article 3. Voted to pass the Article.

Article 4. Voted to appropriate the sum of two hundred dollars from funds in the hands of the Treasurer, to reimburse Police Officer William E. Wentworth, for the use of his automobile in the performance of police work.

Article 5. Voted to appropriate the sum of one hundred and fifty dollars from funds in the hands of the Treasurer, to pay the expense of building a toilet at the Fayville Swimming Pool.

Article 6. Voted that the Selectmen confer with the State Traffic Commission and obtain their recommendation as to the best signal system to be installed at the several dangerous intersections in the town and to report to the voters at a subsequent meeting.

Article 7. Voted that a Committee of three be appointed by the Moderator to look into the matter of having a Planning Board and the adoption of a zoning system in the town and bring in their report, with recommendations, at a later meeting.

Article 8. Voted to discontinue Hyde Street, from Turnpike Road to Middle Road.

Article 10. Voted that the Selectmen be authorized to lease or let the parcel of land located in the rear of the engine house, in Fayville, if they think best to do so.

Voted that the meeting be dissolved.

Town Clerk

BIRTHS

- Jan. 20. Giffen, Marjorie Ann, daughter of James E. and Catherine (McDonald) Giffen.
- Jan. 25. Morazzini, Daniel, son of Tony and Bertha (Giombetti) Morazzini.
- Feb. 2. Bullens, Elizabeth Mae, daughter of Charles H. and Eva Mae (Bellware) Bullens.
- Feb. 16. Rinaldo, Horatio Junior, son of Orazio and Jennie (Sawtelle) Rinaldo.
- Mar. 16. Derby, Robert Burton, son of Burton B. and Hazel A. (Stinson) Derby.
- Mar. 19. Morizzetti, Louis, son of Luigi and Eleanor (Catalini) Morizzetti.
- Mar. 21. Taylor, Shirley Jane, daughter of Arthur R. and Ada (Pearse) Taylor.
- Apr. 11. Minnucci, ———, son of James and Antoniette (Giove) Minnucci.
- Apr. 14. Suydam, William Thayer, son of John R. and Margaret (Thayer) Suydam.
- Apr. 15. Bertonassi, Rita, daughter of Marsena and Bina (Barni) Bertonassi.
- Apr. 21. Misener, Dorothy Esther, daughter of Lawrence and Hilda (Cody) Misener.

- May 15. Hill, Barbara Ann, daughter of John and Helen (Hamlin) Hill.
- June 6. Hudson, ———, daughter of James S. and Clara (Rogers) Hudson.
- July 17. Saunders, Susie Baskerville, daughter of Charles B. and Lucy (Carmichael) Saunders.
- Aug. 5. Cibelli, Robert Aldo, son of Aldo and Eunice (Fay) Cibelli.
- Aug. 22. Gulbankian, Mesk, son of Gerasgos and Eva (Miridian) Gulbankian.
- Sept. 7. Golgata, Victor, son of Venanzio and Mary (Morazzini) Golgata.
- Sept. 22. Parkman, Eleanor Brooks, daughter of Francis and Eleanor (Bremer) Parkman.
- Sept. 25. Flynn, Eleanor, daughter of William R. and Rita (Hollis) Flynn.
- Oct. 9. Wyckstrom, Anna Marion, daughter of Carl F. and Eva Ruth (Hawkins) Wyckstrom.
- Oct. 10. Guthreau, Marjorie Jean, daughter of Henry and Lottie (Tremblay) Guthreau.
- Oct. 15. Zeffino, Massimo Domenico Nicodemo, son of Nicolo and Teresa (Sita) Zeffino.
- Oct. 23. McCarthy, Robert J., son of Florence J. and Cora E. (Voter) McCarthy.
- Oct. 29. Mattioli, Janet Mary Elaine, daughter of Francis and Angeline (Bagley) Mattioli.
- Dec. 5. Harter, Duane Lewis, son of Ralph W. and Laverne E. (McBratney) Harter.

MARRIAGES

Feb. 15. Herbert W. Schnare to Blanche M. Spurr.

Feb. 22. Carl F. Wyckstrom to Eva R. Hawkins.

Apr. 20. Walter E. Morse, Jr., to Mildred Erickson.

May 3. Harry W. Moore to Harriet Ruth Hathaway.

June 9. Thomas Anthony McCarthy to Ann Elizabeth Mattioli.

June 17. Alfred W. Howes to Ceciline Low.

June 21. Louis Joseph Romani to Ida Mary Pereni.

Aug. 24. Francis Edward Ramelli to Eva Margaret Lively.

Sept. 6. David Harthan Smith to Helen Virginia Whiting.

Sept. 20. Forrest Selah Wright to Ena Codner.

Oct. 14. Charles Forest Carll to Phrosie Ramelli.

Oct. 20. Joseph Sbuttoni to Ruth Angeline Mitchell.

Oct. 25. E. Warren Ward to Edith McMaster.

Nov. 16. John Dominic O'Connell to Helen Gertrude Laughlin.

Nov. 26. Elwin W. Robbins to Florence May Cooper.

Nov. 27. Charles W. Biladeau to Theresa J. Hunt.

Dec. 25. Raymond H. Lincoln to Ruth Mary Weeks.

DEATHS

- Jan. 9. Lillian E. Russell, 25 years.
- Jan. 12. Adomiram Judson Bussell, 80 years, 5 months, 8 days.
- Jan. 17. Ellwood Wilson Ward, 71 years, 6 months, 3 days.
- Jan. 23. William Young Stivers, 69 years, 10 months, 16 days.
- Jan. 26. Margaret A. Thurmith, 65 years, 7 months, 27 days.
- Feb. 19. Fontinelle Eugene Carpenter, 82 years, 6 months, 9 days.
- Apr. 1. Seth H. Howes, 67 years, 6 months.
- Apr. 4. Mary E. Sparrowk, 70 years, 4 months, 27 days.
- Apr. 11. Robert H. McLaughlin, 70 years.
- Apr. 16. Mary Bryant Caswell, 69 years, 2 months, 6 days.
- Apr. 28. Frederic Appleton Flichtner, 56 years 11 months, 28 days.
- May 5. Samuel Otis Carruthers, 81 years, 9 months, 19 days.

June 6. Charles Francis Choate, 37 years, 1 month,
3 days.

June 7. (Infant) Hudson, 1 day.

June 30. Margaret A. Murphy, 63 years.

Dry measures: 1, 2, 4, 8, and 16 qts.

Liquid measures: 1 4-qt., 1 gallon and 5-gallon

One safe

Two seals

One desk

One drill

Two glass graduates

C. L. FAIRBANKS,
Sealer of Weights and Measures

REPORT OF THE MOTH SUPERINTENDENT FOR 1930 --

To the Honorable Board of Selectmen:

I hereby submit my annual report for the year ending December 31, 1930.

During the past year a considerable amount of disease of the gypsy moth was found in four places; and a thorough distribution was made, and the town now shows a lighter infestation than for a number of years.

Seven and one-half bushels of the browntail webs were secured and destroyed in the west part of the town. There will not be as heavy an infestation this coming year, it is hoped, as the State Department compelled a neighboring town to carry on the work in their town, from which our spread had come.

Respectfully submitted,

PATRICK J. BROCK,
Moth Superintendent

REPORT OF FOREST FIRE WARDEN

To the Honorable Board of Selectmen:

I hereby submit my annual report for the year ending December 31, 1930.

During the past year there has been 48 forest fires in the town, of which 14 were of a positive incendiary origin. It was one of the worst years in many, on account of the drouth, as fires would burn underground, necessitating laying of long lines of hose and constant patrolling.

It might be of interest to read the following section of the Forest Laws:

"Sec. 13. No person shall set, maintain or increase a fire in the open air, at any time, unless the ground is substantially covered with snow, except by written permission covering a period not exceeding ten days from the date thereof granted by the Forest Warden. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month or both."

Respectfully submitted,

PATRICK J. BROCK,
Forest Warden

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

I hereby submit my annual report for the year ending December 31, 1930.

Total number of stables inspected	53
Pure bred cattle	33
Pure bred young cattle	46
Grade cattle	756
Grade young cattle	164
Pure bred bulls	12
Grade bulls	20
Total number of cattle inspected	1084
Swine	32
Sheep	9
Goats	5
Total number of animals	1130
"Out of state" cattle released from quarantine	327
Number of dogs' heads submitted for examination	4
Cases of rabies	1

Respectfully submitted,

WILLIAM H. ONTHANK, .
Inspector of Animals

**REPORT OF THE CHIEF OF THE FIRE
DEPARTMENT**

To the Honorable Board of Selectmen:

I hereby submit my annual report:

During the past year the Fire Department has answered 72 calls, divided as follows: 16 building, 4 auto, 1 dump, 48 brush and grass fires, 1 drowning accident and aided two outside towns at forest fires.

Buildings to the amount of \$61,203, with contents valued at \$10,200, endangered, with a loss of \$1753.

Respectfully submitted,

PATRICK J. BROCK,
Chief of Fire Department

REPORT OF THE TREE WARDEN

To the Honorable Board of Selectmen,
Town of Southborough, Massachusetts,

Dear Sirs:

I hereby submit my annual report for the year ending December 31, 1930.

The Department this year has cut brush and thin trees to the walls on all the main roads and on some of the secondary roads in the town, totalling a distance of eight and one-half miles. In addition to this, the corners and several miles of country roads were cut back from three to four feet.

About one and one-tenth miles of high trimming were completed. Considerably more of this work must be done during the year 1931.

The Department planted two hundred and thirty-four trees and shrubs along the highways and on other town property. About one-half pound of slow acting fertilizer was used for each tree, as your Tree Warden felt that these trees would mature more quickly if they could receive a boost for the first four or five years. The Warden wishes to thank certain public spirited citizens again this year for their help in this department in cutting brush and supplying him with trees and shrubs.

Forty-one trees, over eight inches in diameter, which were dangerous to the traveling public, were removed.

The Department completed and has in working order an agreement with the Marlborough-Hudson Gas Company, for the removal of trees, which have been killed by gas. It may interest the town to know that this agreement has been commended freely by the officers of other towns, and will probably be used as a basis for agreements between these towns and their various public utility companies. The killing of trees by gas is an important item at the present time, since gas mains laid a comparatively few years ago are now often out of date, due to the increasing high pressure being used by the gas companies. A comparatively small leak will permeate a large area of ground and will kill a large tree. The agreement reached by your Tree Warden, with the approval of your Selectmen, and now on file with the Town Clerk, however, calls for the removal of the tree, the opening of a large hole, the refilling with new soil, and the replanting of another tree.

Your Tree Warden's Department feels that it is possible to cut his appropriation this year, and has recommended to the Advisory Committee these reductions in detail.

The expenditures for the year 1930 are contained in the report of the Town Accountant.

Respectfully submitted,

HARRY BURNETT,
Tree Warden

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen,
Town of Southborough, Mass.,

Gentlemen: I herewith present my second annual report of the Police Department of Southborough: Year ending December 31, 1930.

Number of breaks reported and investigated, 5.

Number of summons served for police departments of other cities and towns, 8.

Number of fires attended, 21.

Number of boys returned to Lyman School, 5.

Number of raids, 0.

Accidental death by drowning, 1.

J. A. JOHNSTON,
Dist. Highway Engineer

REPORT OF BOARD OF WATER COMMISSIONERS, JANUARY 1, 1931

To the Honorable Board of Selectmen,
Town of Southborough, Massachusetts.
Gentlemen:

We have the privilege to submit herewith a report of progress in the installation of the Southborough Water System, and to transmit the report of our Engineer.

This Board was elected at the adjourned Town Meeting of May 27, 1930, with Mr. George A. Mooney, as Chairman.

In order that the best possible service should be rendered the Town, it was unanimously voted to ask Mr. George H. Burnett and Mr. Charles E. Bagley to act in an advisory capacity to the Board. This they consented to do. Because of so many legal matters that required the attention of a qualified and experienced lawyer, Mr. Harrison H. Schaff was selected as counsel for the Board.

To these three gentlemen we are greatly indebted and express our appreciation of their help in this work.

On June 3, 1930, a contract was entered into with Metcalf and Eddy, Engineers, of Boston, Massachusetts, for the design and supervision of construction of the Water Works.

The Board advertised for proposals to furnish the materials necessary for the installation of the system. All bids were sealed and were publicly opened and read in the presence of the bidders. Contracts for the materials were awarded to the lowest bids conforming to the specifications and recommended by the Engineer.

The Board also advertised for sealed proposals for the construction of the water mains, services, standpipes and standpipe foundations. These sealed proposals were publicly opened and read in the presence of the bidders and the contracts were awarded to the lowest bidders and with the approval of the Engineers.

An effort was made by the Board to have the remodeling of the pumping station done by a local contractor, but because of the insufficient number of bidders, the work was advertised. The low bidder for this work was Mr. George Miller of Fayville, who declined the contract and therefor the contract was awarded to T. J. McMahon of Framingham, the second bidder.

The Engineer's investigation of the pumping equipment showed it to be inadequate for properly insuring our water supply and therefor new pumping units were recommended and are being installed under the supervision of the Engineer.

The Board has been able to purchase for reasonable sums the land on which the standpipe and elevated tanks are located and has also arranged with the Metropolitan District Commission for the purchase of the

land on which the pumping station is erected. These parcels of land are owned in fee by the Town of Southborough, and are therefor subject to no annually recurring rental.

The Board and its counsel, Mr. Schaff, held several conferences with the Marlboro Electric Co. and the Public Utilities Commission of Boston, in regard to the installation of electric power to the pumping station. This service has now been installed and the rates for power definitely established at a considerable saving to the Town, through the personal efforts of our counsel, Mr. Schaff.

Mr. Thomas J. Boland was made foreman of construction and handled a great deal of detail work in a very satisfactory manner. The Town is also very fortunate in having Mr. Albert Willard, as Engineer, in charge of the pumping station.

At the adjourned Town Meeting of May 27th, 1930, under Article 3 of the Warrant, it was voted that the Town purchase and take over the property and rights of the Fayville Fire and Water District, in accordance with the provisions of Section 2 of Chapter 133 of the Acts of 1930, and that the Water Commissioners be empowered to act for the Town in so doing and to negotiate with the Fayville Fire and Water District therefor. X

Pursuant to that vote the Commissioners at once entered into negotiations with the Commissioners of the Fayville District, who expressed every desire to co-operate with the Town in effecting a merger of the

Fayville Water Works with the Town System, but suggested the advisability of completing, under the direction of the District Commissioners, the small amount of work remaining to be done on the Fayville System. This proposal the Commissioners of the Town heartily approved.

In due course the District Commissioners added the finishing touches to the Fayville System and called a special meeting of the Fayville Fire and Water District to consider the matter of selling to the Town the property, rights and privileges of the District.

Previous to this meeting, by agreement between the Town and District Commissioners, Mr. Charles E. Bagley was selected to make an examination of the accounts of the District, to determine the amount to be paid to the District by the Town, in conformity with Section 2 of Part 1 of Chapter 133, Acts of 1930, in the event that the District should vote at its meeting to sell.

The chief item of expenditure by the District was found to be the proceeds of an issue of \$50,000, thirty-year Serial Notes, bearing $4\frac{3}{4}\%$ interest, all of which were outstanding and unpaid. The District Commissioners expressed a strong desire that in the event of a sale to the Town being voted by the District, provisions be made whereby it would be possible to immediately extinguish this loan and cancel the Notes of the District, as otherwise it seemed likely that the District would have to continue its corporate existence until the last of the Notes were paid and that during

that period, the property within the District limits would be subject to the lien created by said notes.

Your Commissioners took this matter under advisement and found that the District Notes contained no callable privileges, which would enable them to be paid at a fixed price. They also found that at $4\frac{3}{4}\%$ interest, the market value of the District Notes would require the payment of a large premium assuming the holders would consent to part with them. Your Commissioners were further advised by counsel that the Act, Chapter 133, conferred no authority that would enable them to devote any part of the appropriation available for the purchase of the Fayville District Water Works, to the payment of any premium on the outstanding Notes of the District. Negotiations were then entered into with the holders of the District Notes, which ultimately resulted in an agreement whereby they agreed to surrender to the District the Notes in question on tender to them, by the District, of a like amount of Town of Southborough Notes, bearing $4\frac{1}{2}\%$ interest. A negotiation, which if consummated, will result in a saving to the Town of approximately \$1500, in interest, as against what would have to be paid if the $4\frac{3}{4}\%$ notes of the District were allowed to run for the full period.

This important feature of the situation was apparently provided for to the satisfaction of the District and the Town alike. The District Commissioners recommended the sale of the Fayville Fire and Water District property and rights to the Town and the District at a duly called meeting voted to sell to the Town

and empowered the District Commissioners to act for it in so doing. Thereupon the Commissioners of the District and Town entered into an agreement of sale and purchase of the Fayville Fire and Water District property for the sum found by Mr. Bagley to be due as provided by the Act, Section 2, Part 1, Chapter 133, Acts of 1930. This agreement provided that as part of the purchase price the Town should deliver to the District \$50,000 thirty-year Serial Notes at $4\frac{1}{2}\%$ annual interest—the balance to be paid in cash, of which \$1000 was paid on executing the agreement.

The Town Treasurer, with the approval of the Selectmen, prepared to issue the notes in question and applied to the Director of Accounts, at the State House, for the note forms, as is required by law. The Director of Accounts failed to provide the Town Treasurer with the note forms requested and proceeded to raise objection to the issue by the Town of the Notes in question, alleging a variety of objections, which seem to your Commissioners as irrelevant. Your Commissioners are of the opinion that the General Law and Special Act, under which they are proceeding, fully justify their position and that the attempt by the Director of Accounts to defeat the arrangements made for the payment of the purchase price agreed on between them and the Fayville Commissioners is unwarranted and an attitude which, if persisted in and sustained, will result in the loss to the Town of a substantial saving.

At the request of the counsel for your Commissioners the question has been submitted to the Attorney

General for opinion and that opinion is awaited before the Commissioners recommend further action.

The Commissioners wish to extend their appreciation to the Board of Selectmen and the Citizens of the Town of Southborough.

Respectfully submitted,

GEORGE A. MOONEY,
E. WARREN WARD,
PATRICK J. BROCK,
Board of Water Commissioners

**REPORT TO BOARD OF WATER COMMISSIONERS,
SOUTHBOROUGH, MASSACHUSETTS
UPON
CONSTRUCTION WORK OF 1930**

METCALF & EDDY, Engineers

Board of Water Commissioners,
Southborough, Massachusetts,
Gentlemen:

The following report describes briefly the construction work carried on during the past year under our supervision.

Test Wells. There was a possibility that a supply of water could be obtained from driven wells along the shore of Sudbury Reservoir or nearby land in the northern part of the town. To determine the feasibility of such a plan, a contract was entered into with Edward F. Hughes of Boston, for driving wells and testing the same. Eleven 2½-inch wells were driven, four in land of the Metropolitan District Commission, northeast of Framingham Road, near Newton Street, and the others in land of A. W. Flitzgerald, between Newton Street and Framingham Road, just south of Cross Street. While some water was pumped from certain well, the results as a whole were unsatisfactory and the plan to obtain a water supply from this source was abandoned.

Source of Water Supply. The Fayville Fire and Water District, in 1929, built a small pumping station near the shore of Sudbury Reservoir, on Worcester Turnpike, and installed pumping machinery to draw water from the reservoir through a 10-inch intake pipe extending a distance of 150 feet from shore to a point where there is normally about 18½ feet of water. It was decided to make use of these facilities by enlarging the building and installing additional pumping units appropriate to the needs of the Town as a whole.

Pumping Station. A contract was awarded to F. A. Mazzur Co., Inc., for the additional pumping equipment and to Thomas J. McMahon Co., for the enlargement of the building. Both of these contracts are under way and will be completed early in the year 1931.

When completed, the pumping station will contain the following equipment:

One Gould's triplex pump, 8"x10" size, capacity 250 gallons per minute, connected through a speed reduction gear to one Buda, 4½" bore x 6" stroke, 6 cylinder, high duty internal combustion engine.

Two Allis Chalmers pumping units, each consisting of 2 single stage centrifugal pumps, 3"x2½", in series, capacity 250 gallons per minute, direct connected to a 25 hp. Allis-Chalmers electric motor. Normal pumping head 235 feet. Speed 1750 r.p.m.

One Nash vacuum pump, size No. ½—0, direct connected to a General Electric Co. 220-volt electric motor, speed 1720 r.p.m.

Electrical control equipment and other appurtenances for above.

One type MSPM Wallace & Tiernan Co. chlorinator and appurtenances.

One 8" x 3 $\frac{1}{4}$ " Venturi Meter with a Type M Register-indicator-recorder.

The enlarged building comprises a pump room 32 feet x 18 feet, a small office, a chlorine room and a heater room.

Water Distribution System. The Town of Southborough covers so large an area and the several villages are so widely separated that a water distribution system to serve the town must of necessity comprise an unusually large mileage of pipe compared with the number of consumers. The system has been laid out to furnish water for fire protection as well as for domestic service.

Below is a summary of the lengths of main pipe laid, the most of which is of cast iron. For convenience of reference, the pipe laid in Fayville is included.

Size	Length		
	feet	miles	P. cent
10-inch (suction main)	293	0.056	0.4%
10-inch	11,901	2.254	14.4
8-inch	48,698	9.223	58.8
6-inch	20,075	3.802	24.1
2-inch	780	0.148	0.9
<hr/>			
Total cast iron pipe in system	81,747	15.483	98.6
2-inch Wrought Iron pipe	1,185	0.224	1.4
<hr/>			
Total all pipe in system	82,932	15.707	100.0

Attached thereto is a tabulation showing the size and length of main pipe laid in the various streets.

Water Storage in Distribution System. Storage of water is provided at three points in the system.

The standpipe, on Clear Hill, in Southborough Center, is 40 ft. in diameter and 42 ft. 6 in. high, has a capacity of 400,000 gal. and the top is at el. 493 ft.

The standpipe on Oak Hill, in Fayville, is 25 ft. in diameter and 75 ft. high, has a capacity of 275,000 gal. and the top is at el. 493 ft.

The elevated tank on high land in Southville, north of Highland Street, is 28 ft. 8 in. in diameter, the vertical sides are 26 ft. 4 in. high; it has a capacity of 150,000 gal. and the top is at el. 493.0 ft. or 113 ft. above the concrete foundation at the ground surface.

The structures have been completed, all except the final painting of the Clear Hill standpipe and the elevated tank, which work will be resumed when weather conditions permit.

For the most part, the pipes laid by the Fayville Fire and Water District were of adequate size for the town system, the only changes being necessary were the relaying of 514 ft. of 6-in. pipe in Central Street and 690 ft. of 6-in. pipe in Worcester Turnpike with larger pipe to serve as main feeders to other sections of the town. The old pipe taken up was used elsewhere in the system.

The cast-iron pipe installed by the District was tar coated pipe cast by the deLavaud centrifugal process, and the pipe laid by the town was cement lined pipe cast by the so-called "sand spun" method, also a centrifugal process.

Cement lining is the most satisfactory lining for cast iron water pipe generally available on the market. With soft water, such as that obtained from the Sudbury Reservoir, it is essential that cast iron pipe be provided with a good protective lining to prevent the formation of tubercles, an accretion of iron and silt, on the interior surface of the pipe, which gradually over a period of years, reduces the carrying capacity of the pipe and makes it of less service, particularly for fire protection.

As was anticipated, the use of cement lining has increased the hardness of the water and in some of the outlying sections has been responsible for an alkaline taste in the water. Careful observations and analysis have shown that these characteristics are becoming less noticeable and that frequent flushing of the main pipes, where there are complaints, will help to reduce such objectionable conditions. As time goes on, it is expected that troubles from this source will entirely disappear.

The cast iron pipes laid by the town were of Class 200 in the 8-in. and 10-in. sizes and Class 250 in the 6-in. size. The pipes were tested at the foundry under an hydrostatic pressure of 500 lb. per sq. in. although in use the normal working pressure is no where much

over 100 lb. per sq. in. The pipes were inspected at the foundry by William R. Conard of Burlington, New Jersey, representing the town.

The main pipes have been laid, in general, with a depth of cover of 4 ft. 6 in. At certain culvert crossings, the pipe has been protected with a heavy insulation of tar and cork. The joints in the pipe have been made with jointing compound, resulting in pipe lines well within the allowable leakage as shown by pressure tests.

Three blow-offs for draining or flushing out parts of the system have been added, making a total of four located as follows:

Newton Street in Southborough

Central Street in Fayville

Southville Road in Cordaville

Southville Road in Southville

Gate valves have been placed at street intersections and on long lines for convenience in operating the system. Each hydrant set by the Town has been provided with a gate valve on the connection. The numbers of gate valves in the system, including Fayville, by sizes, are as follows:

10 inch	21
8 inch	78
6 inch (in mains)	38
6 inch (in hydrant connections)	86
6 inch (in blow-offs)	4
2 inch	3
	<hr/>
Total	230

All of the fire hydrants in the system are of the type made by the Eddy Valve Company. They have a rubber faced valve, which is drawn down to the seat against the pressure of water when the hydrant is closed. There have been 77 hydrants set by the Town having a valve opening of $5\frac{1}{4}$ inches, a barrel diameter of $6\frac{5}{8}$ inches, a 6-in. connection to the main pipe and equipped with two $2\frac{1}{2}$ -in. hose nozzles and one 4-in. nozzle for pumper connection.

There are 22 fire hydrants in the Fayville district with 6-in. connections to the main pipe. Valves are provided on the connections of seven, 18 are equipped with two $2\frac{1}{2}$ -in. hose nozzles only, and three are equipped with two $2\frac{1}{2}$ -in. hose nozzles and one 4-in. pumper nozzle.

The total number of fire hydrants in the system is 99.

House Services. The system built by the District contains 76 house services and to these have been added 176 services in other parts of the Town. Of these, five have been carried to the property line only. The services laid by the District were of genuine black wrought-iron pipe, cement-lined, rigidly connected to the main pipes. The services laid by the Town were of copper tubing, except in the case of certain larger sizes where wrought iron, cement lined, pipe was used. All of the services have heavy brass corporation cocks, curb and cellar stops. The services from the main pipe to the property line are owned by the Town, but beyond that point they are owned by and were installed at the expense of the property owner.

The following is a statement of the number of services connected as of Dec. 31, 1930, and in active use.

3/4-in. copper tubing	165
1 1/4-in. copper tubing	1
3/4-in. cement lined W.I. pipe	73
1 1/2-in. cement lined W.I. pipe	3
2-in. cement lined W.I. pipe	3
6-in. cement lined C.I. pipe	1
8-in. cement lined C.I. pipe	1
	<hr/>
	247

The services were laid by the Water Department, under the direction of Mr. Thomas J. Boland.

In December, 1929, the Town Advisory Committee estimated the total number of houses in the Town, at 522, and the total number to which the privilege of town water would be furnished at 383. The number of services installed as of December 31, 1930, was 252.

Meters. Water meters of the disc type, 5/8-in. size, have been installed on all 3/4-in. services built by the Town. These were purchased under contract with the Union Water Meter Co. of Worcester, Mass. Larger services have appropriate meters of the same or other types. The number of meters installed is as follows:

5/8-in. King meter	166
1-in. King meter	4
1 1/2-in. King meter	3

2-in. King meter	1
4-in. Nilo meter	1
	<hr/>
	175

Contracts. Before awarding contracts for the work, advertisements were published in local papers and competitive bids were received and opened in public. These contracts were awarded on the basis of estimated quantities and unit prices, thus making it possible to pay for the actual work done. The prices received were, on the whole, lower than were estimated and it has been possible to make additions and advantageous changes due to various conditions met in the construction, so that the total payments under certain contracts have differed from the total estimated costs computed at the time bids were received. Such a form of contract is of material advantage in this class of work. The following table gives a list of the contracts awarded during the year.

TABLE 1. CONTRACTS

Account	Contractor	Approx'te Am't of Contract	Expended to Dec. 31, 1930
Distribution System	G. Ferullo, Inc.	\$13,568.80	None
Distribution System	Mogavero-Merrill Co., Inc.	64,275.33	\$50,304.22
Engineering	Metcalf & Eddy		12,000.00
Fittings for C.I. Pipe	Builders Iron Foundry	2,289.22	2,269.00
Hydrants	Eddy Valve Co.	5,723.04	5,520.48
Inspection of Pipe	Wm. R. Conard	443.84	432.98
Meters	Union Water Meter Co.	3,101.06	2,657.06
Pipe, C.I. cement lined	R. D. Wood & Co.	72,269.89	72,269.89
Pipe, Copper S'vice Tubing	Sumner & Dunbar	2,050.65	2,050.65
Pipe, W.I. & Lead Lined			
Fittings	Cement Lined Pipe Co.	2,357.76	1,117.39
Pumping Sta'n Construct'n	T. J. McMahon & Co.	7,394.00	None
Pumping Equipment	F. A. Mazzur Co., Inc.	5,600.00	None
Service Boxes	Mueller Co., Inc.	253.00	198.00
Service Material	Geo. A. Caldwell	1,562.63	12.13
Standpipe & Elev. Tank	Chicago Bridge & Iron Works	19,950.00	9,975.00
Standpipe & Elev. Tank			
Foundations	J. J. Ducey Co.	4,936.36	4,936.36
Test Wells	Edward F. Hughes	974.75	
Valves	Crane Co.	5,491.43	5,415.80
Valve Boxes	E. L. LeBaron Foundry Co.	1,038.08	902.80

Unit Prices. Some of the principal unit prices prevailing during the work were as follows:

	Mogavero-Merrill Co., Inc.	G. Ferrullo, Inc.
Earth excavation in trench	0.19-0.30/lin.ft.	0.35-0.40/lin.ft.
Rock excavation	4.50/cu.yd.	4.50/cu.yd.
Refilling trenches	0.15/lin.ft.	0.15/lin.ft.
Laying 10-inch c.i. pipe	0.24/lin.ft.	— /lin.ft.
8-inch	0.19/lin.ft.	0.22/lin.ft.
6-inch	0.18/lin.ft.	0.20/lin.ft.

Cast iron pipe, cement lined	R. D. Wood & Co.
10-inch	\$1.33/lin.ft.
8-inch	0.99/lin.ft.
6-inch	0.68/lin.ft.

Gate valves	Crane & Co.
10-inch	\$45.00 each
8-inch	\$29.00 each
6-inch	19.00 each

Fire hydrants	64.35 each
Valve boxes	4.64 each
Disc meters, $\frac{5}{8}$ -inch	8.91 each
Copper service pipe $\frac{3}{4}$ -inch	0.1575/lin.ft.
Service boxes	1.10 each

On the basis of the contract prices, which in some respects were very low, the average unit costs to the

Town for water mains, including appurtenances and overhead costs, were about as follows:

10-inch pipe	\$2.58 per lin. ft.
8-inch pipe	2.12 per lin. ft.
6-inch pipe	1.78 per lin. ft.

The total cost per hydrant, including setting, connection and overhead was about \$121 each.

The average cost of each $\frac{3}{4}$ -inch service, including meter, to the Town, was approximately \$33.00, made up of a sum of about \$17 for meter, stop cocks, etc., plus \$0.72 per lin. ft. of copper service pipe.

Rock Excavation. The preliminary estimate of quantities for the Mogavero-Merrill contract included 3,000 cu. yd. of rock excavation. The actual quantity encountered on a comparable basis was 3,210 cu. yd.

Expenditures. The following tabulation shows the expenditures for construction to December 31, 1930, as given by the Town Accountant's records:

Pumping Station Equipment	\$2,467.98
Distribution System	
Pipe Lines	141,179.19
Standpipe and Elevated Tank	14,911.36
Services	9,601.70
Test Wells	974.75
Miscellaneous	3,202.14
Purchase of Fayville System	2,020.86
Land and Rights of Way	1,100.00
Engineering, Legal and Administrative Expenses	15,014.79
Total	<hr/> \$190,472.77

Acknowledgments. The water system is substantially completed and giving service. It has been well built and at a very reasonable cost| The Board of Water Commissioners is to be congratulated on having accomplished so much in the time available.

We are glad to express our appreciation of the courtesy and assistance given us by the members of the Board and by the Board's counsel, Mr. Harrison Hale Schaff.

Respectfully presented,

METCALF & EDDY,

By Frank A. Marston

SUMMARY OF STATISTICS

For the year ending December 31, 1930

In form recommended by the New England Water
Works Association

SOUTHBOROUGH WATER WORKS

Town of Southborough, Worcester County, Massachusetts

General Statistics

Population by Census of 1930, 2,166

Date of Construction, 1929-1930

By Whom Owned, Town of Southborough

Source of Supply, Sudbury Reservoir

Mode of Supply, Pumping

Statistics of Consumption of Water

1. Estimated total population at date, 2,460 (including schools).
2. Estimated population on lines of pipe, 2,040
3. Estimated population supplied, 1,400

Statistics Relating to Distribution System.

Mains

1. Kind of pipe, C.I. (tar coated and cement lined).
2. Sizes, from 2" to 10".
3. Extended 69,668 ft. during year.
4. Discontinued, none during year.
5. Total now in use, 15.707 miles.
6. Cost of repairs, per mile, \$——.
7. Number of leaks per mile, none.
8. Length of pipes less than 4 in. diam., 0.372 miles.
9. Number of hydrants added during year (public and private) 77.
10. Number of hydrants (public and private) (now in use) 99.
11. Number of stop gates added during year, 204.
12. Number of stop gates now in use, 230.
13. Number of stop gates smaller than 4 inch, 3.
14. Number of blow-offs, 4.
15. Range of pressure on mains 40 lb. to 100 lb.

Services

16. Kind of pipe, cement lined, W.I. and cast iron pipe, copper tubing.
17. Sizes $\frac{3}{4}$ " to 8".
18. Extended 3,762 ft.
19. Discontinued, —— ft.

20. Total now in use, 1,060 miles.
21. Number of service taps added during year, 177.
22. Number now in use, 247.
23. Average length of service, 22 ft.
24. Average cost of service for the year, \$16.00.
25. Number of meters added, 175.
26. Number now in use, 175.
27. Percentage of services metered, 69%.

TABLE 2. SCHEDULE OF PIPE LAID BY STREETS

LIBRARIAN'S REPORT FOR THE YEAR 1930

Number of volumes in the Library	16,225
Number of volumes added during the year	270
Number of volumes purchased	126
Number of volumes donated	144
Total number of volumes delivered	12,493
Number of volumes delivered in Southborough	10,278
Number of volumes delivered in Southville	304
Number of volumes delivered in Fayville	1,911
Largest number of books delivered in Southborough in a day, September 20	86
Largest number of books delivered in a month, December	1,012
Smallest number of books delivered in a day, February 20	0
Smallest number of books delivered in a month, June	696
Total attendance for the year	7,200
Average attendance a month	600
Average attendance a day	23
Fines collected during the year	\$26.00

Books delivered in the following classes in Southborough:

	Among Adults	Among Juveniles
000 General Works		20
100 Philosophy	31	2
200 Religion	30	3
300 Sociology	43	70

500 Natural Science	62	47
600 Useful Arts	46	24
700 Fine Arts	55	43
800 Literature	164	47
900 History	203	18
910 Travel	188	1
920 Biography	283	10
Fiction	5705	2,132
Current Periodicals	573	478

Fay Library is open every day, but holidays and Sundays, from three o'clock to five o'clock, and Wednesday and Saturday evenings, from seven o'clock to nine o'clock. To accommodate the pupils of Peters High School, the Library is open Monday, Wednesday and Friday at twelve o'clock.

Books delivered in Southville during the year:

Total circulation	304
Adult Fiction	134
Juvenile Fiction	170

The Library is in the South Union School, and is open Saturday evenings, from six o'clock to eight o'clock. The Librarian is Mrs. Howard Hunt.

Books delivered in Fayville during the year:

Total circulation	1,911
Juvenile Fiction	340
Adult Fiction	1,066
Non-Fiction	97
Current Periodicals	408
Attendance	682
Average attendance, a month	56
Average attendance a day	7

The Library is in the Fayville Hall, and is open Tuesday and Saturday, from three o'clock to four o'clock. The Librarian is Mrs. Charles Nichols.

Spécial mention should be made of the kind and thoughtful donations made by Mr. T. P. Lindsay and Mr. Edward Fay. Mrs. Alba Marshall also made a donation of a sampler of the straw making that used to be carried on in Southborough, that will be very carefully kept. Besides those mentioned, others have made gifts to the Library, for which the Librarian and the Trustees are very grateful.

SARAH V. STIVERS,
Librarian

REPORT OF THE SCHOOL COMMITTEE

Herewith is presented the annual report of the School Committee, for 1930, together with those of the Superintendent of Schools, Principal of Peters High School, etc., etc.

Your Committee had the usual number of difficult problems to face, during the year, and has tried to solve them with fairness to all concerned.

Instruction

The Committee feels the schools have maintained the same high grade of work, for the year, under the careful supervision of the Superintendent. Modern text books and equipment, with the co-operation of the entire teaching staff, have helped materially in maintaining this standard.

Our school continues in grade "A," awarded by the State Department of Education, and is entitled to send students to some colleges and our Normal Schools, on certificates.

Teachers

Two changes were made in the teaching force for the year, Miss Hurst taking Miss Lowe's position in Grades 1 and 2. Miss Williamson replacing Miss Sutherland, in Domestic Science; the latter having accepted a position in the Framingham Schools.

Special Class

Two of the pupils from this class have been returned to the regular grades and are doing the work in a very satisfactory manner.

Health

The Health program was carried on during 1930 much the same as in other years. The Committee hopes the parents will try to assist in making any corrections recommended by either the physical or dental examiner.

Repairs

Fayville School: The School room ceiling and walls painted; the wood-work varnished.

South Union School: Rooms and halls reconditioned with paint and varnish by the janitor. Drive-way gravelled and oiled.

Peters High School: New metal ceiling in the girls' recreation room. Roof repaired on Manual Training building. Drive-way gravelled and oiled.

Transportation

Your Committee feels this item, on the budget, too large for a town the size of Southborough; however, so many of the children, some 240 of the total enrollment 429, have to be transported. This last together with the geography of the town make any reduction almost impossible.

New Equipment

Peters High School: New desks and chairs in the Fifth Grade room.

Future Improvements

The old furnaces in the Peters High School are most through their usefulness, causing a good deal of coal gas in the different rooms. Several repair men have been called in to see what could be done, without much success. The furnaces are thirty years old. The concern that made them has gone out of business; so that repair parts are almost impossible to obtain and bricked up as they are, it would be a very expensive job to replace the parts, provided they were procurable. The Committee feels a new heating system should be provided another year.

Conclusion

The death, in August, of John Lowrey, janitor of Peters High School, was a loss to the Department. He had given many years of faithful service to the school.

The Committee wishes to thank Mr. Blount, Mr. Woodward, the teachers and health officers, for their co-operation during the year.

Respectfully submitted,

HARRIS D. EATON,
JAMES G. STOCKWELL,
WILLIAM N. DAVIS.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,
Southborough, Mass.

Gentlemen:

It gives me pleasure to submit my fifth annual report of the schools of Southborough. Herewith are transmitted the reports of the Principal of Peters High School and of South Union and of the Supervisors of Drawing and Music.

Health

A complete physical examination has been made by the school physician, with the assistance of the health nurse. A record of deficiencies is on file at the office. This record is made the basis of the activities of the school nurse and many corrections of different types have been made during the year.

A dental examination has been made during the year of all pupils and recommendations for corrections made to parents. A file of these deficiencies is kept on record at the school office.

Considerable improvement could be made in the dental program if a clinic were organized. Consideration of this is recommended.

Reconstruction of the Course of Study

Professor Harold Rugg of Columbia University has made the following statement: "The current of American life is torrential. It is personified by the pervading hum of motors and the dynamic syncopation of our new national music. The American mind, like its industry, plays itself in movement, building, exploitation, and bigness.

"In a hundred years, however, the public school has lagged far behind. It has never caught up with the momentum of industry, business, community life, or politics. Only rarely has it succeeded in dealing with contemporary issues and conditions, never has it anticipated them. The masters of the American mind have fashioned the public school as a great conserving agency, and the halo of the past has oriented those who have made the content of our school curriculum. Rarely have educational leaders affirmed for the public school as a preparatory and prophetic function.

"The current American scene makes it evident, however, that the school, especially through the curriculum, must assume this prophetic leadership. Current conditions in America throw into sharp relief the critical need of teaching our youth to understand contemporary life."

The teaching staff has been organized for the purpose of studying the needs of contemporary American life and to formulate a set of aims in school subjects, which are in harmony with these needs. It is hoped that a clear conception of the aims of public school

education may be gained through this study. Out of this knowledge gained it is planned to revise as far as possible the aims and content of our school curriculum.

Specifically the following subjects are being studied :

1. General aims of the public school.
2. Specific aims of the school subjects.
3. Significance of the difference in interests and abilities of children.
4. The selection of the subject matter of school subjects in a scientific manner.
5. The significance of various methods of instruction.

For the present year the aims and subject matter of written and oral expression is to be studied by all teachers who are engaged in the teaching of the subject. When the investigation is completed, a course of study will be brought out.

Educational Survey

Once a year an educational survey of the elementary schools, from grade 2 to 8, has been made. The tests used for this purpose are known as the Standard Achievement Tests. The tests included are reading, spelling, arithmetic, literature, geography, history and civics, language usage, physiology and hygiene. The tests have been organized with the greatest care, after a study of more than forty representative courses of study, six text books used commonly in the United States in each subject of examination, and the exam-

ination questions of more than a thousand teachers. The standards set are based upon the average achievement of children to the number of more than 20,000.

The scores and educational ages are given herewith for the test as a whole:

School	Grade	Av. Age of Grade	Av. Test Score	Av. Ed'l Age	Am't of Acceleration

Sones Harry High School Achievement Test

The above test was administered to all pupils of the Senior High School. It consists of four parts—English, Mathematics, Natural Sciences, and Social Studies.

These tests include items as follows:

English	140
Mathematics	80
Natural Sciences	80
Social Sciences	115
Total	415

Every phase of these subjects as taught in the High School is included, so that the tests are very thorough and searching. The standards of achievement given are those of nearly 1000 children in small city high schools of Pennsylvania.

The Roman numerals given indicate the number of half years which the various groups had studied the subject as given.

(Capital S is used for standard attained by Pennsylvania pupils).

	I		II		III		IV	
	Score	S	Score	S	Score	S	Score	S
English	33	27			45.5	30		
Science	19	16	25	19	35	21		
Math.	22.5	12	23	13	35	18	34	22
Social Stud.	31	17	22	20	40	19	36	25
	V		VI		VII			
	Score	S	Score	S	Score	S		
English	62	42			65	55		
Soc. Stud.	49	28						

As a whole, the achievement of the school is more than a year in advance of the pupils whose scores furnished the standards.

Receipts and Expenditures

July 1, 1929, to July 1, 1930

The following statement is taken from the annual report of the State Department of Education:

The total amount spent for the support of public schools was \$46,729.53 for the school year 1929 to 1930. (Not the amount shown by the School Committee for the current year). Of this amount \$39,831.44 came from local taxation and the balance \$6,898.00, from the Commonwealth and other sources. Approximately, therefore, 85 % of all school money came from local taxation and 15 % from other sources, for this period.

The above amount represents a tax at the rate of \$12.11 on the 1929 valuation. In a group of towns of less than 5000 population. Southborough stands forty-first in the proportion of money spent for school support to the total town expenditure.

Special Class

The special class was maintained throughout the year 1930. During that time two pupils, by special instruction given, were transferred to their regular grades. Those remaining are receiving a type of instruction which is well adapted to their interests and capacities.

In Appreciation

In closing I wish to extend to the members of the School Committee my appreciation for their earnest cooperation in many plans for the improvement of the school system.

Teachers of the school system are accomplishing an excellent standard of scholarship. They are earnest and willing to work with each other and with administrative officials in carrying out any plan for the advancement of the welfare of their children. For this

they merit the appreciation of everyone. I am pleased to extend them a cordial "well done".

All of us desire the continued good will of the public, who are paying for the support of the schools, and urge their increased visitation of the schools.

Respectfully submitted,

HENRY G. BLOUNT,
Superintendent of Schools

REPORT OF PRINCIPAL OF PETERS' HIGH SCHOOL

To Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Mass.

I hereby submit my report for the year ending December 31, 1930:

The enrollment of the High School, as of October 1, 1930, is somewhat larger than last year. For the six grades in the High School it is as follows:

Grade VII	18	Grade X	26
Grade VIII	24	Grade XI	16
Grade IX	22	Grade XII	9

The enrollment for the first six grades is as follows:

	1	2	3	4	5	6	Total
Boys	11	10	11	18	19	6	75
Girls	9	8	9	18	19	14	77
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Total	20	18	20	36	38	20	152

The enrollment for the opportunity class is as follows:

	Total
Boys	9
Girls	3
	<hr/>
Total	12

For the first four months of the school year, the average attendance has been quite satisfactory and parents and pupils are to be commended for their cooperation in this important part of school life. An average of 95.8% has been maintained.

There has been one change in the teaching staff of the High School. Miss Muriel Sutherland accepted a position in the Framingham school system, in November. Her place has been taken by Miss Sophia Williamson, a graduate of Rhode Island State College.

In May, 1930, our annual Prize Speaking Contest was held. It was very successful and showed a great amount of work on the part of the pupils and their instructors. The prizes were awarded as follows: Miss Eleanor Beaton, first prize; Miss Delia Davis, second prize, and Miss Constance Twombly, third prize. In order to stimulate interest among the boys, I believe that a prize or prizes for them would increase the interest in the contest to the extent that many more boys would participate.

Several of the graduates of the class of 1930 are attending Normal Schools. One is at Bridgewater, two at Framingham, and one at Massachusetts Normal Art. One of the boys of the class is enrolled in the College of Liberal Arts, Tufts College, in preparation for entrance to Tufts College Dental School.

For the school year, 1930-1931, our school enjoys the specimen student privilege of the New England College Entrance Examination Board. Worcester

Polytechnic Institute accepts our students on certificate. This is renewable every three years. Our school is a Class A school and is entitled to send students to our Normal Schools, on certificate, if they have grades high enough to qualify.

The athletic activities of the school are confined to basket ball and baseball. Our teams have a fair degree of success. The spirit of good sportsmanship is sought after and everything is done to encourage it.

The work of the school is being carried on in a satisfactory manner. The teachers are conscientious and faithful, ever bearing in mind that the progress of the pupil along sound educational lines is their goal.

The meetings of the High School teachers, under the direction of the Superintendent, are inspirational and helpful and are a source of great pleasure. The study of the curriculum is decidedly helpful to the teacher and to the school system as a whole.

In conclusion, I wish to thank the Superintendent, for his constructive advice, his loyalty and support, the teachers, for their generous and splendid cooperation, and the School Committee, for their support.

Respectfully submitted,

ALBERT S. WOODWARD

REPORT OF PRINCIPAL OF SOUTH UNION SCHOOL

To Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Mass.

I hereby submit my report for the year ending December 31, 1930.

The enrollment for South Union School is as follows, as for October 1, 1930:

	I	II	III	IV	V	VI	VII	VIII	Total
Boys	6	4	4	4	4	8	11	3	44
Girls	7	8	6	5	8	4	6	5	49
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Total	13	12	10	9	12	12	17	8	93

The average percentage of attendance of 96.25% for the fall term has been a great improvement over other years. The following pupils have not been absent or tardy during the Fall term:

Eva Paul	Howard Hunt
George Hubley	Roger Taylor
Frank Stockwell	Eugene Wilbur

The introduction of Columbian Achievement Tests, given once a month from Grade III, through Grade VIII, has proved of benefit. These tests cover all major subjects. Each child has an individual score card, and so can check his own progress in each subject. This stimulates the interest of each child in his own

work. Thus, the test becomes a contest to improve his previous record, and beat the standard set for the grade.

The results have compared favorably with the expected norm, and in each grade the scores have been above the required standard. This is quite a satisfaction, as it shows the scholarship record of the building is above the necessary requirements.

The interest in the "Music Appreciation Hour" has been increased this year by the addition of individual note books. These contain correlated matter and questions for each program.

In conclusion, I wish to thank the School Committee, Superintendent, and Teachers, for their loyal support and cooperation at all times.

Respectfully submitted;

JULIA F. GLEASON

REPORT OF THE SUPERVISOR OF MUSIC

To Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Mass.

I hereby take pleasure in submitting my third annual report as Supervisor of Music, in the Public Schools.

Music in the grades has followed the regular routine work, as in the past.

In conjunction with the N. B. C. Music Appreciation Hour, this year every pupil is supplied with a notebook, in which the concert programs are arranged, with questions for the pupils to answer. It also contains pictures of famous composers and instruments to be cut out, then pasted in the book in their respective places. The pupils enjoy working the notebooks, and I find they have a tendency to make the period more inviting.

The High School Orchestra is composed of five members, a violin, mandolin, clarinet, piano and drums. Four members were lost in graduation, last June. It is earnestly hoped that more pupils will undertake the study of some instrument, thereby enlarging the membership of the school orchestra. Rehearsals are held once a week, during school hours.

I wish to publicly thank the School Committee, Superintendent, Principals and teachers, for their hearty cooperation.

Respectfully submitted,

MARY E. HAYDEN

REPORT OF THE SCHOOL NURSE

Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Mass.

Dear Sir:

I herewith submit my report as School Nurse, for the year ending December 31, 1930.

Physical, dental examinations and eye and ear tests were given as in previous years and defects noted and reported. Several parents have had these defects noted and reported. Several parents have had these defects corrected, which is greatly appreciated by both teachers and myself.

A re-examination for these pupils having had examinations at our Clinic, in 1929, and found to need special attention, has been given, and their condition reported greatly improved.

There is still much to be done for the improvement of the dental conditions existing among our pupils. I again urge the parents to help us overcome this defect by urging each child to give his teeth proper attention.

Very little contagion has existed during the year. Considerable credit is due the teachers for reporting immediately any existing suspicion of contagion, thus

giving both Dr. Bacon and myself a chance to examine and exclude any suspicious cases that might lead to a severe spreading of disease or infection among the pupils.

I wish to thank all of the parents who have cooperated; the School Committee, Superintendent and teachers, for their untiring efforts in assisting me.

Respectfully submitted,

VEDA H. DONLON,
School Nurse

REPORT OF THE DRAWING SUPERVISOR

Mr. Henry G. Blount, Superintendent of Schools,
Southborough, Mass.

Dear Sir:

I herewith submit my second report as Drawing Supervisor for the schools of Southborough.

Inasmuch as my first report gave rather a detailed account of work accomplished by various grades, I shall stress only the novel features of the art program.

Needless to say, with children, even more than with adults, repetition of a subject becomes monotonous. Therefore, to teach the necessary subject matter it must be disguised in some new way. New ideas must be forthcoming at all times and new methods should be studied to accomplish this purpose. The child's interest must be held to such an extent that he will anticipate any lesson which contains drawing. We try to so cultivate this liking for the subject that it will continue throughout the school system.

In the lower grades the work deals principally with illustration. The children are encouraged to give their ideas of various things. Sometimes nearly the entire period is given to the telling of stories dealing with the lesson. This gives freedom of thought, stimulates a response to outside interests and creates an acute observance of his surroundings.

With the above as a background we observe in the upper grades a more conscientious effort toward creative work.

There were several interesting projects demonstrating the correlative of art and other subjects developed during the past year. Among these was the Greek frieze, depicting the Siege of Troy, done by the sixth grade. Each pupil had some part to do to make it successful.

Correlation of art with other subjects is used whenever possible.

A practical study of color is given throughout the school system. This is given with the idea of helpful instruction that may later be applied to useful problems, not only in school, but in beautifying our homes and surroundings.

Tea tiles were made by the seventh and eighth grades. This was an entirely new venture, planned to show the application of color and design to a useful object. The pupils were very much interested and for the most part the results were very satisfactory.

As a response to outside interests we have made posters for the observance of Better Homes and Gardens Week, Book Week, Educational Week, Health, Fire Prevention, Thrift, Safety and Humane Week.

In all grades excellent work has been accomplished. The cooperation of the room teacher in carrying out the lesson plans and giving extra work where drawing may be used has helped a great deal.

I therefore wish to thank all who have assisted in the art program.

Respectfully submitted,
MARGUERITE ELLIOTT PEASLEE

CLASS SONG

Our Memory Garden

I

A fragrant garden of memories
 Has sweetened our hearts these years,
 Thoughts have bloomed and flourished
 Joy, sport, and cheers we all have shared.
 There are rosy buds of friendship,
 Golden blooms of gladness,
 Fuzzy flowers of laughter
 And the pale blue blossom, sadness.

Chorus:

Farewell, grey school on the hill,
 May thy name in our hearts ever dwell
 Our guide in each deed and thought,
 Farewell, Peters' High, farewell,
 Oh farewell, Peters' High, farewell.

II

Our class-mates are gay and true
 No weeds in this garden dwell,
 'Tis sad to leave those friends behind
 We loved so well, and say farewell.
 Let's be knights in quest of best,
 And as this class departs
 May love's warm sunshine glow
 On the garden of hearts.

Chorus:

COMMONWEALTH OF MASSACHUSETTS

WORCESTER, S.S.

FEBRUARY 20, 1932

To either of the Constables of the Town of Southborough. Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the **FIRST PRECINCT** of the said Town of Southborough, qualified to vote in the elections, to meet in the Town House, in said Southborough, on

MONDAY, MARCH 7, 1932

and to notify the inhabitants of the **SECOND PRECINCT** of the said Town of Southborough, qualified to vote in elections, to meet in the South Union School, on

MONDAY, MARCH 7, 1932

and to bring in their votes to the Election Officers of the respective precincts for: Town Clerk, Treasurer, Collector of Taxes, Selectman (for three years); Assessor (for three years); Board of Public Welfare, one member, (for three years), School Committee, one member, (for three years), Board of Health, one member, (for three years), Cemetery Commissioner, one member, (for three years), Tree Warden (for one year), Trustees of Fay Library, two members, (for three years), Water Commissioner, one member, (for three years).

The Polls in each precinct will be opened at six o'clock in the forenoon and will be closed at four o'clock in the afternoon of said day.

And to notify the inhabitants of said Town of Southborough, qualified to vote in elections, to assemble in a subsequent meeting in the Town House, in said Southborough, on

MONDAY EVENING, MARCH 14, 1932

at seven-thirty o'clock, to consider and act on the following articles:

TOWN WARRANT

Article 1. To choose a moderator to preside in said meeting.

Article 2. To hear the reports of Town Officers and Committees and do or act thereon.

Article 3. To raise and appropriate such sums of money as may be necessary for the Town's use and to pass any vote in respect to the same.

Article 4. To see if the Town will authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money in anticipation of taxes.

Article 5. To see what disposition the Town will make of the money obtained from the licensing of dogs.

Article 6. To see if the Town will raise and appropriate the sum of one hundred twenty-five dollars (\$125.00) to be expended by Post 161 (Leo L. Bagley Post) of the American Legion, for Memorial Day and for decorating soldiers' graves, or do or act thereon.

Article 7. To see if the Town will accept contributions from St. Mark's School and from Fay School, in lieu of regular taxes from which the schools are exempt, and determine what disposition the Town will make of said money, or do or act thereon.

Article 8. To see if the Town will authorize the Treasurer, with the approval of a majority of the Selectmen, to borrow money for any of the appropriations named in this Warrant, or do or act thereon.

Article 9. To see if the Town will vote to transfer various funds appropriated for special purposes and remaining unexpended to the Town Treasurer, or do or act thereon.

Article 10. To see if the Town will vote to install additional electric lights along any of its highways or do or act thereon.

Article 11. To see if the Town will set off any of its streets for coasting and appropriate the sum of twenty-five dollars (\$25.00) for that purpose, or do or act thereon.

Article 12. To see if the Town will take any action in regard to the supervision of the St. Mark's swimming pool in Southborough if the Town should be permitted to use the same, or do or act thereon.

Article 13. To see if the Town will raise and appropriate the sum of six hundred forty-one and 18/100 dollars (\$641.18) for the Worcester County Hospital District for Tuberculosis, or do or act thereon.

Article 14. To see if the Town will authorize the Cemetery Commissioners to expend the sum of five hundred dollars (\$500.00) from the Cemetery Reserve Fund for permanent improvements, or do or act thereon.

Article 15. To see if the Town will raise and appropriate a sum of money for special work to be done by the Highway Department, or do or act thereon.

Article 16. To see if the Town will appropriate to the construction account of the Water Department all receipts for labor and material furnished by the Water Department, or do or act thereon.

Article 17. To see if the Town will raise and appropriate a sum of money for the employment of another full time police officer, or do or act thereon.

Article 18. To see if the Town will vote to abandon or discontinue the road leading from Sears Road to the Marlborough Trotting Park, so-called, or do or act thereon.

Article 19. To see if the Town will vote to abandon or discontinue as a public road that part of Brewer Road, from Boston Road to the Framingham Town line, or do or act thereon.

Article 20. To see if the Town will vote to abandon or discontinue Brigham Street, so-called, which street leads off Ward Road westerly to the Buck Pasture, so-called, or do or act thereon.

Article 21. To see if the Town will vote to abandon or discontinue the old road which leads from Cordaville Road in an easterly direction and crosses the Sudbury River, near the junction of Southborough, Ashland and Hopkinton lines, or do or act thereon.

Article 22. To see if the Town will raise and appropriate a sum of money for the erection of a suitable memorial to the late Charles F. Choate, such memorial to be erected on the property known as Choate Memorial Field, or act anything in relation thereto.

Article 23. To see if the Town will raise and appropriate the sum of fifteen hundred dollars (\$1500.00) for the purchase of a new tractor for the Highway Department, or do or act thereon.

Article 24. To see if the Town will authorize its present Board of Selectmen to sell, lease or otherwise dispose of any personal property belonging to the Town if, in the opinion of a majority of said Board, said sale or disposition is for the benefit of the Town, or do or act thereon.

Article 25. To see if the Town will raise and appropriate the sum of one thousand dollars (\$1000.00) for the permanent construction, widening and straightening of Jericho Hill Road, commencing at the Marlborough line and running southerly about three hundred seventy-five (375) feet, said sum to be used in conjunction with a like amount allotted by the county and Commonwealth for the purpose, or do or act thereon.

Article 26. To see if the Town will vote to sell to the Fayville Athletic Association, so-called, a corporation, a certain part of its land situated in the Fayville Section of the Town adjoining the property of the New York, New Haven and Hartford Railroad Company, and establish any restrictions or conditions of the use thereof, or do or act thereon.

Article 27. To see if the Town will vote to raise and appropriate a sum of money for legal services to the Town, or do or act thereon.

Article 28. To see if the Town will vote to take any action upon the salaries or remunerations of any of its employees or act anything in relation thereto.

Article 29. To see if the Town will raise and appropriate a sum of money for repairs to the horse sheds, so-called, in the rear of the Town House, or do or act thereon.

Article 30. To see if the Town will raise and appropriate a sum of money for repairs to the old fire station in the rear of the Town House, or do or act thereon.

Article 31. To see if the Town will raise and appropriate a sum of money to be expended by its By-Law Committee for the renewal or revision of its By-Laws, or do or act thereon.

Article 32. To see if the Town will appropriate the sum of one hundred fifty dollars (\$150.00) to be expended by the Cemetery Commissioners, or do or act thereon.

Article 33. To see if the Town will raise and appropriate the sum of twelve hundred dollars (\$1200.00) to be expended by the Cemetery Commissioners for improvement to land recently purchased as an addition to the Cemetery, or do or act thereon.

Article 34. To see if the Town will raise and appropriate the sum of three hundred dollars (\$300.00) for the maintenance of its Chapter 90 Roads, so-called, said sums to be used in conjunction with like amounts to be allotted by the county and Commonwealth for this purpose, or do or act thereon.

Article 35. To see if the Town will raise and appropriate the sum of three hundred dollars (\$300.00) to purchase necessary filing equipment for Town Officers and Town Hall, in accordance with the recommendations of the Special Investigating Committee, submitted in their report in April, 1931, or do or act thereon.

Article 36. To see if the Town will vote to authorize the Selectmen to grant the use of Town equipment to the Trustees of Choate Memorial Field, for the purpose of maintaining said field, or do or act thereon.

Article 37. To see if the Town will raise and appropriate the sum of five hundred dollars (\$500.00) for repairs, widening and improving Pine Hill Road, or do or act thereon.

Article 38. To see if the Town will raise and appropriate a sum of money for the purpose of purchas-

ing new equipment for the Fire Department and for the purpose of overhauling or renovating old equipment of said Department, or do or act thereon.

Article 39. To see if the Town will vote to grant to the local group of Boy Scouts or Girl Scouts, the free use of its Town House, or do or act thereon.

Article 40. To see if the Town will raise and appropriate the sum of two hundred fifty dollars (\$250.00) for the purpose of purchasing and erecting signs for certain of its streets, or do or act thereon.

Article 41. To see if the Town will raise and appropriate a sum of money to be expended by the Highway Department for repairs or construction of sidewalks, or do or act thereon.

Article 42. To see if the Town will raise and appropriate the sum of one hundred fifty-nine dollars (\$159.00) to defray the expense of publication of Article VIII of its by-laws, or do or act thereon.

Article 43. To see if the Town will raise and appropriate a sum of money to be used for the purchase of a road scraper, or do or act thereon.

And you are to give notice hereof, by posting up true and attested copies of this Warrant at the Town Hall, South Union School, Post Offices, Railroad Stations and three other public and conspicuous places in said Town, seven days at least before the time set for said meeting.

HEREOF fail not and make due return of this Warrant with your doings thereon to the respective precinct wardens, on or before, or at the time and place of said meetings and to the Town Clerk, as soon as may be before said subsequent meeting.

GIVEN UNDER OUR HANDS, this 20th day of February in the year of our Lord, One thousand Nine hundred and Thirty-two.

ALFRED W. HOWES,
CHARLES O. MISENER,
GEORGE H. BURNETT,

Selectmen of Southborough

A true copy. Attest:

..... Constable.
